Teutons Were Successful on the Transylvania Frontier and the Rumanians Were Successful in Northern Rumania—Two American Aviators Killed in France.

London, Nov. 1.—Important successes for the Teutonic and Rumanian armies were contained in dispatches today from the Rumanian Transylvanian frontier.

The official Berlin statement announced that the Austro-Hungarians won an important success south of Kronstadt, where they penetrated the Rumanian positions near Predal road in Southern Rumania.

A wireless from Rome received in London declares the Teutons have retired from Camulung, in Northern Rumania, and were pursued over the frontier by Rumanian troops, which annihilated four hostile battalions.

The French made a slight advance on the Somme front last night, near Leaboeun, according to the Paris statement, which says the German attack at Sallily Salliseil was driven back.

Berlin declares the British attacks on Courcellette fell down under the German fire.

The British have taken the village of Baraklazuma, in the Struma river region front, from the Bulgarians, capturing 300 prisoners.

MARKETING PEANUTS.

Kurten Farmers Exchange Big Lot for Cash.

The fact that other things besides cotton can be sold for good, hard money was amply proven today when a big lot of peanuts were sold at \$1 and better per bushel.

The Eagle editor saw a check for \$50 to William Manthel of Kurten for one wagon load of 50 bushels. They grew on less than one acre and in addition to the good price received for them, Mr. Manthel has the hay in his barn for feeding and which he says is fully equal to alfalfa. His land is also greatly enriched, and according to County Agent Beason there is nothing that will build up land faster than by its cultivation in peanuts.

Besides Mr. Manthel, other lots running from 50 to 100 bushels were brought in by Henry Prinzel, August Schmidt and August Prinzel, all citizens of Kurten. They are delighted with the results of peanut farming this year and are thoroughly convinced the possibilities of this crop are second to none that can be grown.

NEGRO MAN BLEW HIS HEAD OFF

Depression Over Financial Condition Led Berry Nixon to End His Life on Farm Near Smetana.

The officers here were notified this morning that a negro man had committed suicide out on the farm of Mr. H. O. Boatwright near Smetana. Deputy Sheriff Leonard Morehead, Roy Nunn and Justice of the Peace J. J. Cahill of Smetana went at once to the scene. The facts as related to the Eagle by Deputy Morehead were as follows:

The negro's name was Berry Nixon and the tragedy occurred about 10 o'clock this morning. The negro used a double barreled shotgun. He set the butt of the gun on the ground, placed his head at the muzzle and pulled the trigger with a cotton stalk. The entire top of his head was torn away and his brains were scattered over the branches of a hickory tree under which he was standing. Death, of course, was instantaneous. Depression over financial troubles is said to have led to the rash act.

The verdict of Justice Cahill was in accordance with the above facts.

SELLS-FLOTO CIRCUS HAS MANY BIG FEATURES.

Circus performers who are able to do something different from what the public is accustomed to, and engender talk, are not close together. The Sells-Floto circus, which will be here on Tuesday, Nov. 7th, by reason of their commanding position in the circus world, are brought in contact with the genuinely unique and superior, with the result that the "Champion Shows of the World" are a compendium of the choicest and most exclusive features and feats known to the aggressive circus world.

Rosa Rosaland gives the thrilling sensation of the great show this year. From the back of one madly galloping steed she vaults through the air, turning completely over as she twists through the atmosphere, and alights on the back of the second horse. The two feature attractions are Jess Willard, champion pugilist of the world, and Frank Gotch, the Hercules of the wrestling world.

Circus day will begin with the dazzling street parade for which Sells-Floto circus is universally famous.

Reserved seats will be sold at the downtown ticket office at the Smith Drug Company for just the same prices charged at the wagons on the circus grounds.

POSTAL RECEIPTS SHOW BIG GAIN

Local Postoffice Shows Big Increase in Stamp Sales and Makes Money Order Record.

The fact that flourishing times are with us is further attested by the fact that business is better with the government right now than it has ever been in the history of Bryan. According to Postmaster John E. Astin, who completed compiling the figures this morning, the largest money order business ever done at the local postoffice in one month was done during the month of October just closed. All told the amount of cash received by Uncle Sam in Bryan to be paid out at other towns and cities was \$13,094. The stamp receipts for the same month amounted to \$2,084.40, against \$1,802.97 in October, 1915. This shows an increase of \$281.43, which is the largest shown in several years in this city. Mr. Astin is proud of this record and he cannot be blamed for his pride. He said it had been suggested to him that he lay off from now until after the 7th and get out and help re-elect Woodrow Wilson.
